## Vaccination drive for kids ONGOING!

**Dear Friends,**

The year 2021 has been one of the most challenging years in our growth and development. It has taught us the true meaning of adaptation, sustainability, resilience. As we step into a new year with great hope and trepidation, I am thankful that we have managed to contain the loss of learning, loss of livelihood and loss of life to the barest minimum. We managed to do that with far-thinking planning, excellent execution and the support of everyone around us.

What began as a quality education program for poor children 19 years ago has now grown into a full-fledged community initiative in the slums to help thousands of people survive this chronic poverty and debilitating circumstances of the pandemic.

As we step into 2022, I am filled with immense gratitude towards all our friends and sponsors who have stood by us during these difficult times. Thank you for being a reflection of that hope, joy and love that gives our children the strength to keep dreaming and achieving.

You will be as proud as we are, to see the difference our alumni are making in the organisations they are working in or businesses they have started. They are bringing in empathy in their work environment apart from achieving success. That is what Parikrma is all about.

Thank you once again for being our friend.

**- Shukla Bose**

# Meanwhile, this month...

## Mentorship programs

We kicked off this year with regular classes and moved online due to increasing Covid cases in the State. However, our mentorship & Globe Trekkers sessions continued unabated - including the industry mentorship session by Zynga and a magic show by SBI Life.

## Getting creative...

At the recently held Poster Making Competition open to all schools in the city, five of our students won the Runner's Up prize

## Workshops

Our children are constantly interacting with their peers from across India and internationally – recently, the girls from Inventure Academy held a storytelling and craft workshop for our students.

Name – Sindu Class - Pluto

Name – Jayashree Class – 10<sup>th</sup> std School Name – Parikrma center for learning, Koramangala. Topic – Education Before and After Pandemic.

Name - Rakshitha Class - Pluto
