Over the years, we have set an example through our steadfast commitment to breaking glass ceilings and putting forth unconventional yet, highly trustworthy models of successful nonprofit schools in India.

We are happy to share that Parikrma Sahakarnagar School has been ranked as India's 10th most admired philanthropic school by EducationWorld India 2022-23.

To compile EWISR 2022-23, 11,458 sample respondents — educationists, principals, teachers, SECA (socio-economic category A) parents and senior school students — in 28 cities countrywide were interviewed by 118 C fore field researchers over four months (June-September). The annual EWISR is the world's largest school ranking survey.

DONATE!

Every year, as part of the regular health check-up, every student’s height and weight are measured. We want to make the equipment available to students and teachers in their schools. We are investing in digital weighing machines and height measuring scales at each of our centres. We also want to upgrade our medical kit and emergency aid kit at all our centres.
