

Parikrma Newsletter For March 2023

Parikrma Impact

Transformation story!

We have a lot to share with you, and in these special moments, we also would like to take the opportunity to thank each one of you for being part of the Parikrma journey and for your consistent support!

What a proud moment for all of us!

Sumanth from our 2018 batch gets a gold medal for Electronics and Telecommunications from Vishweshwarya Technological Institute.

A big shout out to Ravi Babu

Karnataka brings the Santosh Trophy home after 54 years. This is the biggest trophy in senior national football and was played in Saudi Arabia. Karnataka defeated Meghalaya 3-2.

Parikrma claims some stake in this great success. The Karnataka team's coach is Ravi Babu, the Head of Sports in Parikrma. He has built a formidable football team in Parikrma, and we loaned him to KSFA for the Santosh Trophy matches. Our joy does not end there. One of the critical members of the Karnataka winning team is Nikhil, who is a Parikrma alum. He has been an all-rounder all through school and college. He completed his computer engineering and worked in an MNC for a couple of years, and he continued to pursue his passion for football. We are proud of them both!

Impacting government schools!

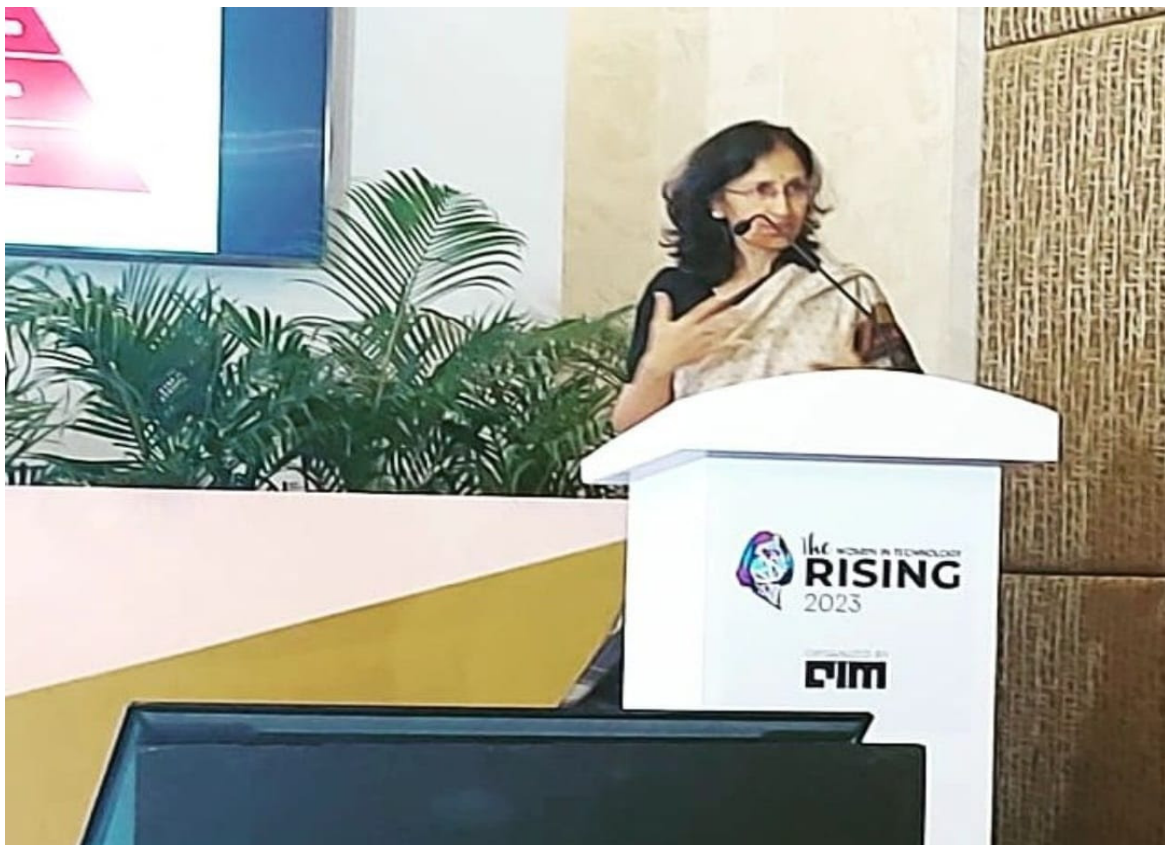

"It was challenging to capture the spirit and energy of the children of the Veeranahalli Government school when they celebrated their first Annual Day. The school has been in operation for around 45 years and never had an Annual Day to which parents are invited.

Cipla Foundation built a couple of classrooms recently and asked Parikrma to upgrade the quality of education. The first thing we did was to bring some colour and fun into the school.

This is how Parikrma Inside always operates. We know that if the children are proud of their school, they will attend daily. We are grateful to Cipla Foundation for inviting us to create change. The journey has begun." - Founder Shukla Bose

Our women leaders

Founder Shukla Bose was part of the panellists at the #NGOAwardSummit2022 hosted by NGOSTory in Bengaluru this month.

Parikrma's Head of Operations, Anuradha Roy Chowdhury, was one of the speakers at the recently held India's biggest women in tech conference - #therising23. Anuradha spoke on "tech for good" - sharing inputs on bringing key stakeholders together to collect better data and use the data for the greater good.

Our young achievers

At the South India Football Tournament for U-13, organised by Oscar Foundation, the Parikrma team was Runner's up! Our student Lengunhao has been selected for the final match in Pune - winners will then play for the Gothia Cup in Sweden. We wish him the very best!

Thank you!

Shanteri Shanbhag's novel way of giving!

"My husband Anand Shenoy has a real craze for football sports. So, on his 45th birthday, I thought I should contribute something on his behalf towards the sport he loves as a birthday gift. I got a reference from Parikrma Trust and was delighted to know that they have kid's football teams of various ages. I contributed to the girls' U-14 football team towards their sports shirts and bibs. My husband loved this gift idea, especially when the contribution has gone towards football sports."
